

Gardening/Landscaping Services

At **HABITERA**, we transform and maintain your green spaces with a gardening service of excellence, combining professionalism, quality and personalized attention. We specialize in the design, maintenance and optimization of gardens and green areas, ensuring that they always look impeccable.

Lawn and Garden Maintenance

- Mowing, pruning and fertilization for a healthy and aesthetic lawn.
- Pest and disease control for plants and trees.
- Irrigation and general maintenance of residential landscaping.

Landscaping and Design

- Creation of custom gardens according to your style and space.
- Use of plants, stones, fountains and decorative elements for a harmonious environment.
- Sustainable design to optimize water consumption and resources.

Irrigation and Drainage Systems

- Installation and maintenance of automated irrigation systems.
- Repair and optimization of sprinklers and pipes.
- Design of drainage solutions to avoid waterlogging and soil erosion.

Landscape Lighting

- Installation of LED and solar lights to enhance the beauty of the garden.
- Lighting design to highlight specific areas and improve security.
- Low energy consumption and automation solutions.

Why Choose Us?

- Professional and Personalized Service - We design customized solutions for each client.
- High Quality Materials and Techniques - We use top quality products for impeccable gardens.
- Detailed and Efficient Attention - We take care of every aspect so you can enjoy your garden without worries.
- Commitment to the Environment - We implement ecological and sustainable practices.
